Sworn to and subscribed the day and year aforesaid. E.B Cobb, Clerk of the County of Congress.

Following the advice of my friends, I have thought proper to detail briefly some of the circumstances which I have heard my father & as well as some others who were with him, relate.

To begin then, I will say that I am the son of Zophar Perkins, who was a Lieutenant in the company of Minute men, at Ulster County. I have seen his commission, frequently & when we removed from Ulster County it was thrown out with some other papers which was considered of no value & lost, I have heard my father say that he was at Kings Bridge, when General Washington retreated from White Plains, and that he was in the Battle there, that he assisted in building Fort Montgomery, below West Point, and was stationed there some time, in the neighborhood, of the fort one season in 1776, one season he was stationed at West Point, he was one season out on the Delaware River watching the motion of the Indians who were committing depredations on the frontiers, he was at another time called toa the vicinity of Peekskill, and was stationed at Fishkill at another time where he lay some length of time. I have heard him tell of three or four different actions in which he was engaged with the enemy, my father was 86 years old, when he died, which was on the 3 of March 1833, in consequence of losing his property he was

reduced to want, some 10 years before he died, and I being his only child living, he fell on my hands & I had him to support, which bore heavily on me, as I had no means only by days labour to do it with, I am now 66 years old, in indigent circumstances and poor health, not able to labour but very little. (Signed) Enoch Perkins.
